Please be advised that server in Italy is having to go through the Turin municipal government to get confirmation of Ronaldo's address. Server knows the location of the community, but the actual address is not known. I have received the deposit check for the fee associated to process the service via Hague article 5 protocols; however, I too need the address before I can proceed. I will keep you updated.

Thank you,

Ronald, I have several inquiries pending in Italy regarding the delivery to Ronaldo. I hope to hear something shortly. Sorry for the delay but the Italians are not prompt to respond. One of the servers I had previously been in contact with said he will not do it and refuses to send a server to the residence because of the private guards and their reputation. I am also checking into the what the cost would be to send one of my servers to handle it. Just to reiterate Mr. Stovall's request, he wants us to effect service per NRS 14.090(1)(a), by leaving a copy of the documents with guards at the residence and/or guards posted at the entrance to the private drive. I hope to have something for you soon.

Thank you,

I heard back from a server in Italy. Said they will attempt it but he was not real enthusiastic about having to go by the residence. I told him we wanted 2 servers, 1 to handle the delivery/service and another to video/photograph the delivery/service. I am waiting on his fee and will get back to you when he replies.

Ok will do.

Also, on a side note, I have requested an update from server in Italy re: Ronaldo. I will update you ASAP.

Also, Mr. Stovall also requested that I also submit a 2nd request for service on Ronaldo per Hague protocols. I will have a deposit invoice to you soon. As required the docs have to be translated to Italian before we can do anything w/ the service.

Ronald, please note that I have to have an address for Ronaldo when submitting the Hague request. At this time, the only addresses I have for him are those associated w/ Juventus, the futbol club he plays for in Italy. I have addresses for the practice facility and club headquarters; however, I do not have a residence address. I have asked the server in Italy to provide me any & all addresses they find for him / I will keep you updated. However, if by the time, I am ready to submit the Hague package, if I have not received word of any additional addresses, then I will provide the 2 addresses for Juventus. Please remember that service per article 5 of Hague, which is the standard and most commonly sought service option will take about 4 months or longer. Also, once the service is submitted, the Central Authority is not required to provide status updates, so it is a wait and see. I will have a deposit invoice to you by early next week.

Ronald, it is possible to utilize the service of an attorney in Italy. The Italian attorney has to petition the court for a service order. This alternate method per article 10 of the Hague bypasses the Central Authority. It usually means a faster service by a month of 2; however, fees usually start at about \$3000 or higher. I just wanted to share this info w/ you because it is an option.

Thank you,

Ron, see the email below as it pertains to the request for service via Hague. I sent the email to you on 1/17/2019 & have yet to get a response. Please review and get back to me. Regarding server in Italy, I am waiting to hear them & will update you right away. But as of 1/17/2019, they were still trying to secure/confirm physical address. If you want I would like to instruct server to try the offices for Juventus to see if they will help and/or provide the name of an attorney for Ronaldo. Please note additional fees will more than likely apply. Let me know what you think.

Re: private server in Italy. They believe they have located the community where the defendant resides. The problem is that there is not a guard at the gate and entry is not possible. They have been attempting to secure a valid physical address for the defendant through the municipal government but are having a lot of difficulty. Server said they would be providing another update soon.

Regarding Hague service per Article 5. I had the docs translated from English to Italian per my conversation with Ronald of Jan. 7, 2019. Please note that in order to proceed w/ the Hague service I have to have an address. If you do not wish to continue to wait, I can submit the docs and indicate the addresses I found for Juventus Football Club. My hope is that the authorities who will be handling the service will be able to get information and/or cooperation from his employer. Again, I am hoping the business address will be enough to aid w/ the service.

Regarding 2 alternate Hague Article 10 options– Service via mail may be available if allowed by the court; however, not recommended. For federal cases it is important to adhere to FRCP 4(f)

There is also the possible option of going directly to the judicial official/ufficiale giudiziario (party who normally serves process in Italian cases). However, it is my understanding that it would require hiring Italian counsel to prepare a service order.

Any chance you have a name of an attorney in Italy or Portugal that we can try contacting about possibly accepting service. According to a Spiegel online article it references an attorney in Portugal as being one of his closest advisers, Carlos Osorio de Castro in Porto.

Server in Italy updated me. He has not had any luck confirming a home address in Turin for Ronaldo. He said Juventus players are like Royalty there. He said he can provide me the address for the community but not for Ronaldo's personal residence. He said he is certain that Ronaldo is residing in the community. Server said that all efforts to confirm an address within the community were to no avail. He said records go blank when he searches anything for Ronaldo and when it comes to the community, property records have been blacked out and it is as if they do not exist. I asked server to run the name of Ronaldo's girlfriend and mother in an effort to see if perhaps he can get something on either. He said he would have something for me on that next week.

Server said they also attempted at the offices of Juventus. Server was told he could leave the docs and that they would forward them to Ronaldo's reps. Server did not leave copies.

Server is going to email me the address for the community. We can try mailing a copy of the documents to the community and hope that it makes it to the carrier for the community and that it eventually gets delivered to the correct residence. Also, if you like, we can ask server to go back to Juventus to leave a copy of the documents there. As you can imagine, we cannot be sure what will be outcome of these efforts.

Regarding the Hague service. I am awaiting a quote for the translation of the Federal docs and will be in touch soon.

Ronald, if Mr. Stovall decides he wants to try mailing and/or leaving a copy of docs at Juventus offices, please advise if he is going to want me to also have a copy of the Federal docs.

Thank you,
